

ROADS FOR WATER SECURITY WATER FOR ROADS SAFETY

OUR VISION

Vision 2020

2

- 16 countries in SSA + 4 countries in ASIA with Roads for Resilience
- Ethiopia + Kenya all regions/counties
- Build up rich evidence
- Powerful Roads - include other activities
- Curriculum/academics → frontrunner
- → Self evolving movement + breed champions

Champions

Implementation

4

- Up-scaling to >5 other countries
(Bangladesh/Uganda/Nepal/Malawi/Sudan/Somalia, Nigeria, etc)
- Strengthen link with strong implementing parties
- Consolidate

Guidelines/Policy

5

- Incorporate into existing practical policies
 - Operational by engineers/people on the ground
 - Coordination
- Influence Worldbank + other int. organizations → they adopt in their policies.

Capacity building

6

- Practical guided learning
- Integration into curriculum
- Multi-lingual
- Depth – new practical ways to share/develop
- Learning by example
- Exchange visits
- Conference with scientific publication → IRF

Projects on the ground

8

- Up-scaling proposal
 - to other regions/countries
- Integration into regional/country programs
- Road projects → create good examples
- Invitation of Worldbank Mozambique

Steps

9

- All of the above
